

UI/UX Design Task

1. <https://www.sleepinghats.com/>

Website Purpose: The website is focused on promoting and selling sleep-related products and educating users about better sleep.

UI Feedback

- **Visual Hierarchy:** Some sections look similar, making it difficult to know which information is most important.

Suggestion:

- ✓ Make important headings larger.
- ✓ Highlight key benefits using icons or cards.
- ✓ Use stronger contrast between sections.

- **Typography:** Some text blocks feel long and require more reading effort.

Suggestion:

- ✓ Increase line spacing.
- ✓ Break long paragraphs into smaller sections.
- ✓ Use larger headings.

- Mobile Experience: Users may need to scroll a lot before reaching important information.

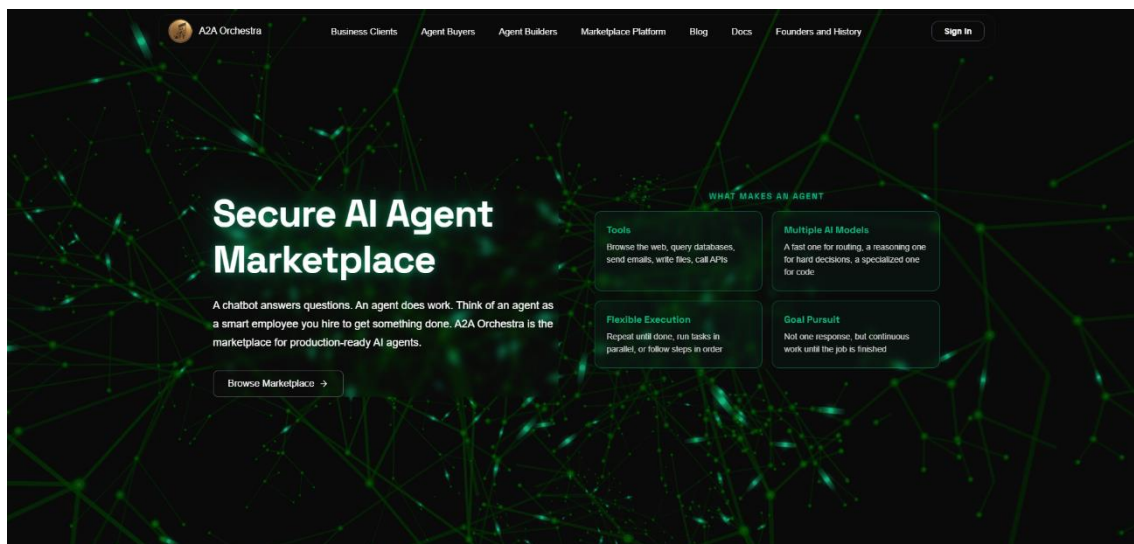

Suggestion:

- ✓ Reduce content length.
- ✓ Use accordions for FAQs.
- ✓ Keep important CTAs visible.

2. <https://www.a2aorchestra.com/>

Website Purpose: The website appears to promote AI-related services and solutions.

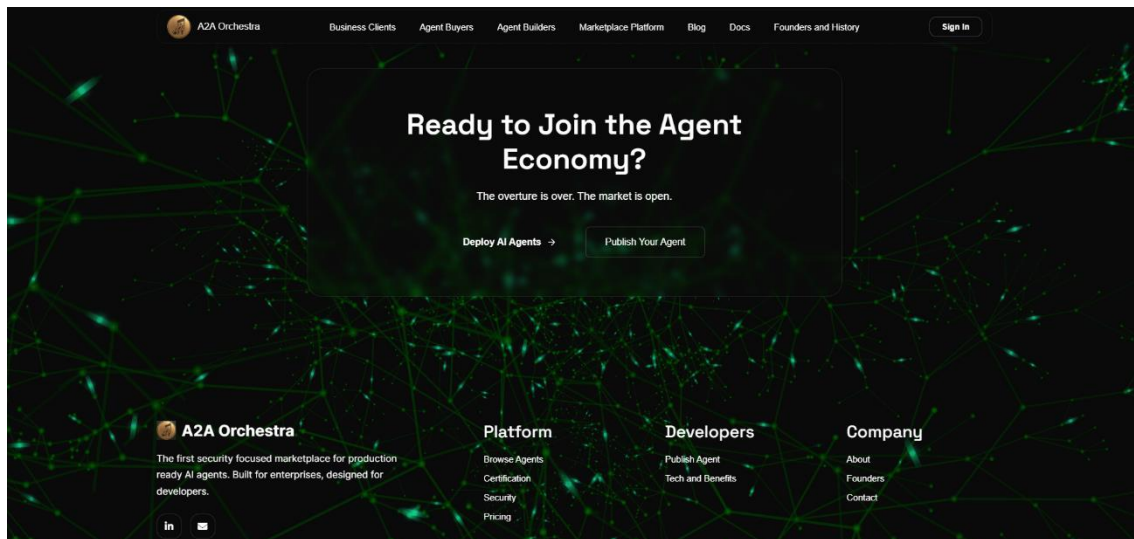

UI Feedback

- Homepage Clarity: New users may need time to understand the exact service offered.

Suggestion:

- ✓ Add a simple one-line explanation at the top.
- ✓ Clearly explain what the platform does.
- ✓ Include a short “How It Works” section.

- Trust Building: Trust is important for AI-related platforms.

Suggestion:

- ✓ Add customer testimonials.
- ✓ Display client logos.
- ✓ Show success stories and case studies.

- CTA Buttons: Some users may not immediately know the next action.

Suggestion:

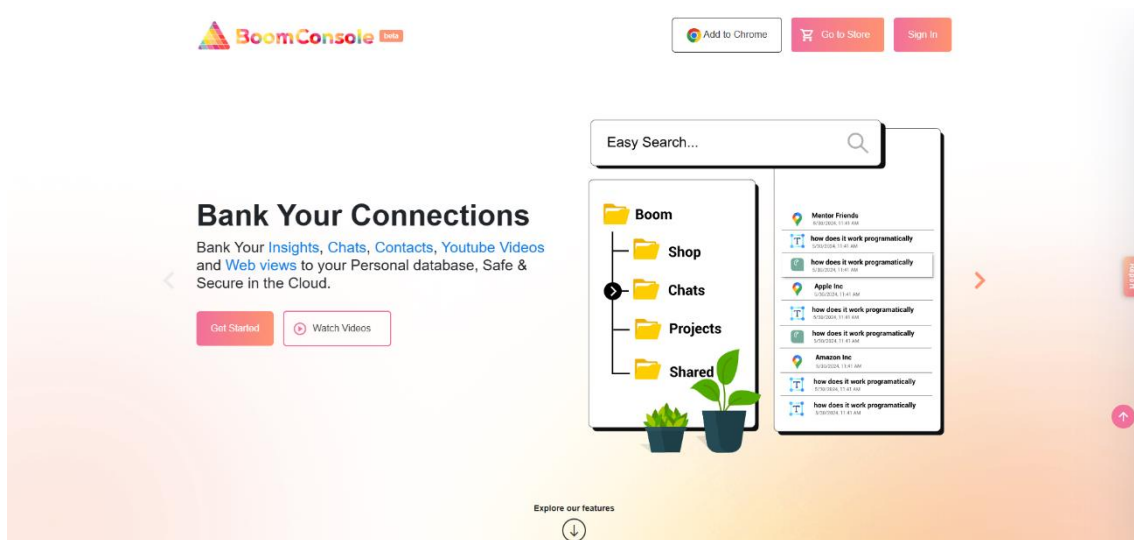

Use clear CTAs such as:

- ✓ Get Started
- ✓ Book Demo
- ✓ Learn More

3. <https://boomconsole.com/>

Website Purpose: Boom Console helps users organize information, notes, and online resources.

UI Feedback

- **First Impression:** Users may not immediately understand the main value of the platform.

Suggestion:

- ✓ Create a stronger headline.
- ✓ Explain benefits before features.
- ✓ Add a short product demo video.

- **Dashboard Usability:** Users need quick access to important actions.

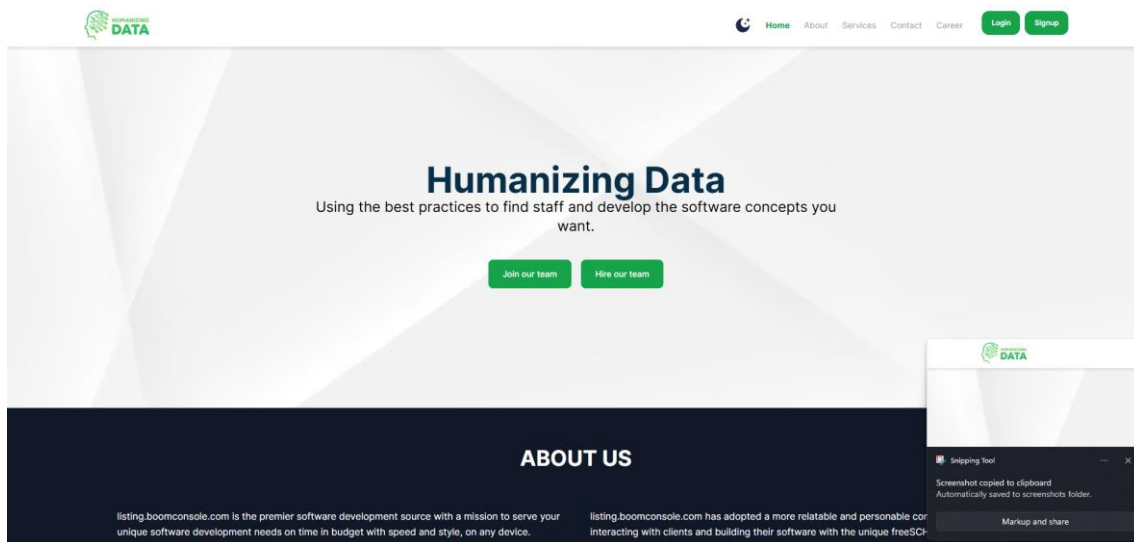

Suggestion:

- ✓ Add shortcuts.
- ✓ Improve dashboard organization.
- ✓ Highlight recently used items.

4. <https://listing.boomconsole.com/>

Website Purpose: Boom Listing appears to be a directory/listing platform where users can discover and manage listings.

UI Feedback

- **Search Experience:** Search is one of the most important features.

Suggestion:

- ✓ Add autocomplete.
- ✓ Show recent searches.
- ✓ Improve search visibility.

- **Mobile Experience:**

Suggestion:

- ✓ Improve filter usability.
- ✓ Ensure cards fit mobile screens.
- ✓ Keep search accessible at all times.
